October 1987

THE PRESIDENT'S CORNER

Hello All!

It is a beautiful October day as I write this. But it certainly wasn't October 4th. If you don't live nearby the NY Capital district you only read about the very unusual storm we had. It was a day to remember. Was it just the meeting before that, that the Thruway bridge decided to give way within minutes of when we drove over it? Does the ESPHS have a message for me? Do these things go in threes?

On October 4th all the considerable Albany group was absent from the directors meeting. I understand that the rest of the directors met, altho no one has contacted me or let me know of anything that happened. I assume that nothing took place.

There were a number of items that needed the directors attention, not the least of which was deciding what to do about the current state of the Bulletin. In a huddle with several others a resetting of the directors meeting was ruled out and I will do my best to conduct the business by mail. We will do our best to keep you informed.

In this issue of the Bulletin you will find the latest Auction. It will be operating as usual and we have George to thank for this. Also there is the report from our secretary.

It is planned to have a mini meeting in Albany of some of the local directors and other interested parties. I have heard from several other members offering help and I hope to have a plan and to inform you of how we can get the Bulletin back on the track.

If you feel there is any way you can help your society, now is good time to come forward and let us know.

Good collecting!!
